Summary

Detail-oriented Data Scientist with interest in NLP and GenAI. Equipped with skills in machine & deep learning, NLP, and GenAI combined with a strong ability to work effectively within a team. Motivated to discover innovative solutions and remain updated with the latest technologies. Seeking a new role that offers greater responsibility, independence, and opportunities to experiment with cutting-edge technologies.

Experience

Alpha Bank

2023/10 - Today

Associate Data Scientist

- Introducing and developing projects using cutting-edge tech like Neural Networks, Transformers and LLMs.
- Maintaining and migration into a cloud infrastructure (INM CP4D) team's CI/CD pipelines (20+ projects).

IntTrust S.A.

2023/07 - 2023/09

Business Intelligence Engineer

- Built Data Warehouse and ETL processes for a major Bank and a Shipping company.
- Creating reports for clients in the energy sector.

Greek Army

2022/09 - 2023/06

Soldier of Research and IT

- HelpDesk | Sysadmin | Personnel training

Technical Skills

Python	Machine Learning	Deep Learning
SQL & NoSQL	NLP	GenAI

Soft Skills

Analytical Thinking	Teamwork	Adaptability
Problem Solving	Motivated	Leadership

Education

NCSR Demokritos	Grade: 9.2
MSc in Data Science	Master of Science

University of Peloponnese	Grade: 7.04
Informatics and Telecommunications	Bachelor of Science

Projects

MSc Thesis: Drug to Drug Interaction Multiclass Prediction on Biomedical Literature Knowledge Graphs

- Research Thesis that compares different methodologies about Drug to Drug Interaction predictions.
- Neo4j, Graph Embeddings, Machine Learning

Customer Complaint Topic Identification

Text classification using: **Tranformers, Neural Networks, LLM**

Medical Image Classification

Classification of chest X-Rays & Brain MRIs

- Designed CNN architecture from scratch.
- Fine tuned pre-trained models using transfer learning.

Certifications

TensorFlow for Deep Learning

10+ Udemy Courses (more than 60 Hours)

NLP | Deep Learning | MLOps | Transformers | GenAI

IBM SPSS Modeler & IBM CP4D

Interests

Football | Padel | Martial Arts | Reading Books
